

ATTENTION RESIDENTS:

Timers have been added to all 3 grills. This was done because we have found the propane for the grills left ON and running ALL night a number of times; when people do not turn the grills off after using them. In addition, this same issue recently caused a gas grill explosion at one of the other buildings in the Colony. So not only is the continuous running of the propane expensive for The Association, it is also very dangerous.

To use the gas grills now:

1. Simply turn the timer dial ON (up to one hour).
2. Then turn the grill ON as normal.

Important:

When you are done using the grill(s),

Please continue to turn the grill(s) OFF.

(There is no need to turn the timer off.)

The timer will act as only a safety feature and will automatically turn the grill(s) off, if the propane is left running for more than ONE HOUR.

If you have any questions on how to use the grills/timer, please see Shannon or Rick.
